Professional Summary

Adaptable Frontend Developer with 1.5+ years of experience in the Next.js and React ecosystem. Expert at translating complex designs into modular, high-performance code. Having delivered multiple production-grade applications, I am seeking to leverage my technical skills to contribute to innovative projects and transition into a full-time engineering role.

Technical Proficiency

- **Frameworks:** Next.js 14/15 (App/Pages Router), React.js (Hooks, Context), TypeScript.
- **UI/UX:** Tailwind CSS, Shadcn/ui, Responsive/Adaptive Design, Framer Motion.
- **Data Management:** REST API Integration, TanStack Query, Zustand, Axios, JWT/Auth flows.
- **Engineering Tools:** Git/GitHub, Vercel, VPS Deployment (Nginx/PM2), Chrome DevTools, Postman.
- **Core Skills:** Clean Code, Modular Architecture, Performance Optimization, Collaborative Debugging.

Professional Experience

Scaleup IT Limited, Dhaka

Aug 2025 – March 2026

Frontend Developer

- Architecting responsive web applications using Next.js 15, ensuring high SEO rankings and core web vital scores.
- Developing reusable component libraries to accelerate development cycles and maintain UI consistency.
- Troubleshooting and optimizing client-side performance, reducing initial load times through lazy-loading and code-splitting.

Refuel Forecourts Limited (Remote, UK)

Nov 2023 – Apr 2024

Frontend Developer

- Developed real-time data monitoring dashboards using React, facilitating data-driven decision-making for stakeholders.
- Collaborated across time zones to ship iterative updates and resolve production bugs.

Featured Live Projects

Skitchlabs.com – AI-Powered Creative Platform

[SkitchLabs](#)

- Integrated complex AI-processing APIs for image-to-sketch conversion and automated PDF generation.
- Focused on state management and file-handling performance for a seamless user journey.

Scubalife.net

[Scubalife](#)

- Contributed to multi-category ecommerce platform for scuba diving company (PADI courses, dive trips, gear/products)
- Improved user experience through product discovery, booking flows, and integrated shop/cart functionality

Hierroamedida.com – Industrial E-Commerce

[Hierroamedida](#)

- Developed a robust frontend for a steel selling platform, managing complex API data structures and checkout flows.

B.Sc. in Computer Science

2017 – 2022

National University of Bangladesh (Tejgaon College) – CGPA: 3.02/4.00
